SUMMARY

Lead Software Engineer with 8+ years building large-scale distributed systems in Java and Python. Expert in microservices, Kubernetes, and CI/CD, with a track record of shipping cloud platforms that grew revenue by 30%. Blends strong system design and machine learning skills with team leadership, having directed engineering teams of up to 10. Passionate about Agile delivery, Docker-based infrastructure, and mentoring high-performing engineers.

SKILLS

Other Skills: Java (90), Python (85), Kubernetes (80), Docker (80), Microservices (85), Machine Learning (70), CI/CD (80), System Design (85), Team Leadership (90), Agile (80)

EXPERIENCE

Senior Software Engineer 2022 - 2024

Google California, USA

Led a team of 10 engineers building a cloud-based platform serving millions of users.

- Led a team of 10 engineers to launch a cloud platform, driving a 30% increase in annual revenue.
- Designed a microservices architecture on Kubernetes and Docker, cutting deployment time by 40%.
- Developed a machine learning model in Python that lifted customer engagement by 25%.
- Implemented CI/CD pipelines that shortened release cycles from two weeks to three days.
- Trained 6 junior engineers within an Agile process, raising sprint velocity by 35%.

Software Engineer 2020 - 2022

Microsoft Washington, USA

Developed a customer-facing mobile application in Java for a product used by 2M people.

- Built a mobile application in Java and the Android SDK, earning a 4.5-star rating across 50,000 reviews.
- Designed a responsive interface with Material Design, boosting daily active users by 20%.
- Automated regression testing that raised the crash-free rate to 99.9% within three months.
- Optimized backend queries in Python, reducing average API response time by 45%.
- Collaborated with QA to resolve 120+ defects, cutting production incidents by 30%.

EDUCATION

Bachelor of Science 2018 - 2022

Stanford University California, USA

Computer Science GPA: 3.8/4.0

CERTIFICATES

Certified Scrum Master 2020

Scrum Alliance

Completed the certification program for Scrum Masters

AWS Certified Solutions Architect - Associate 2021

Amazon Web Services

Validated expertise in designing distributed systems on AWS

AWARDS

Best Software Engineer of the Year 2022

Tech Awards

Won the award for outstanding contributions to the field of software engineering
