SUMMARY

Senior Software Engineer with 6+ years building high-traffic web applications in Java, Python, and JavaScript. Directed a 5-engineer team that delivered a cloud machine learning platform and improved service reliability by 40% across production. Skilled in microservices, Kubernetes, CI/CD, and system design, with a proven record of shipping scalable features that boosted user engagement 30%.

EXPERIENCE

Senior Software Engineer

Jun 2020 - Present

Microsoft

Redmond, USA

Senior developer on a platform team building and scaling high-traffic web applications for millions of users.

- Architected and shipped high-traffic web applications in Java and JavaScript, driving a 30% increase in user engagement across 2M monthly users
- Directed a team of 5 to build a cloud machine learning platform, cutting deployment time 25% and infrastructure costs $180K annually
- Built microservices and REST APIs in Python, improving service reliability by 40% and scaling throughput to 12K requests per second
- Implemented CI/CD pipelines with Kubernetes, reducing release cycles from 2 weeks to 3 days and deployment failures by 60%
- Mentored 4 junior developers and led design reviews, accelerating feature delivery by 20%

Software Engineer

Jan 2019 - May 2020

Google

Mountain View, USA

Software developer building consumer Android applications for a global user base.

- Developed and maintained Android applications surpassing 1M downloads, using Kotlin to ship features to a global user base
- Optimized app performance by 20% through caching and code refactoring, reducing average load time to under 400ms
- Delivered new UI and UX features that raised user satisfaction scores by 15%
- Automated build and test pipelines, cutting regression testing time by 35% and catching defects before release

SKILLS

- Java
- Python
- JavaScript
- Cloud Computing
- Machine Learning
- Microservices
- Kubernetes
- CI/CD
- System Design
- Team Leadership

EDUCATION

Bachelor of Science in Computer Science

Sep 2015 - May 2019

New York University

New York, USA

Computer Science

GPA: 3.8/4.0
